PUBLICATIONS & DAILY SCHEDULE UPDATES

The screenings schedule is sent to trade magazines and published in the dailies, as well as Cinando. We cannot guarantee the publication of last-minute changes.

Information on films and screening schedules will be available in the Pocket Guide on Cinando.

CONFIRMATION

Please confirm the company's screening schedule, your film titles and your preferred access restrictions (by invitation, priority badges, authorized press, secret) no later than April 28, so we can share this information with the international press and update our websites accordingly.

SCREENING REPORT

The Marché du Film staff scans the badges at the entrance of the screening rooms in order to establish a list of people attending the screenings with the names, companies and their contact information in Cannes.

Those lists are available on www.marchedufilm.com in real time. The Marché du Film cannot be held responsible in the event a list is unavailable or incomplete. Therefore, the sales company cannot claim compensation.

SCREENING FEES

The screening rates now include the cost of uploading the film through Viapass (No extra charge - one upload per film).

The above rates are for screening slots of up to 110 minutes. Films lasting between 110 and 140 minutes will be billed at a 25% increase. Over 140 minutes, the Marché will reserve 2 consecutive slots.

Tests or rehearsals are invoiced 450 euros (excl. VAT) for a maximum of 20 minutes. For longer rehearsals, the Marché will charge a full slot fee. Tests or rehearsals are only held in the evening. Booking for rehearsal can be booked starting at the end of April.

Marché du Film exhibitors benefit from a 20% discount on the price of screenings. The Lérins and Riviera rooms are reserved with priority given to exhibitors who have a booth in the Palais des Festivals or the Lérins.

Companies from the European Union having indicated their intra-community VAT number and foreign companies (outside the E.U.) having sent proof of taxation, pay the rate before tax. Other companies, including French companies, are invoiced with VAT (currently 20%).

Promoreels will be shown in a full slot, in a loop.

ONLINE SCREENING RESERVATIONS & PROMO REEL DAYS

PROMO REEL DAYS

The second edition of our Online Promo Reel Days will begin 4 days prior to the Marché and will last until the end. Each company can feature their line-up via our Marché du Film Online platform.

OUR ONLINE CINEMAS

Online screenings can be booked at www.marchedufilm.com. These requests will be processed in order of arrival. Online Marché screenings are reserved for Sales Companies with a virtual booth. (For more information, please contact the [Sales Department team](#)).

Screenings will be organized in one of our online theaters according to a pre-established schedule. Films will be screened based on local times of each viewer. Each online screening is available within a time frame of 120 minutes after its beginning. Within this time, the film starts from the beginning regardless of the start time.

ACCESS TO ONLINE SCREENING ROOMS & GEOBLOCKING

A sales company may restrict access to screenings. This choice can be made from your personal account on Cinando. [How to send invites for MDFOnline](#)
[How to set viewing rights](#)

The screenings can be listed as:

- Restricted to categories such as 'Buyers', 'Festivals' or 'Press'.
 - By "Invitation" or "Request" only.
- You can also limit access according to the countries where the film's rights are still available. Geoblocking is based on the company's country, not on the country from where the buyer is actually watching the film. Specific buyers listed in a geoblocked territory will have the possibility to request access to watch the film.
